Preparing for Cyclical Monitoring: A Focus on Secondary Transition Planning and IEP Development

In response to the accountability requirements under the Individuals with Disabilities Education Act 2004 (IDEA) Part B State Performance Plans, the Pennsylvania Training and Technical Assistance Network (PaTTAN) and intermediate unit transition consultants will provide sustained professional development for targeted local educational agencies (LEAs). This targeted professional development will assist with creating compliant and effective individualized secondary transition programming for students with disabilities.

During this online course, participants will complete modules that focus on the steps in the transition planning process as they relate to the Indicator 13 requirements in the Cyclical Monitoring for Continuous Improvement (CMCI). Participants will demonstrate learning through process-specific quizzes. Successful course completion will require watching training videos, participating in online discussions, and earning minimum scores on module-based quizzes. In addition to the supports within the course, the Pennsylvania Training and Technical Assistance Network (PaTTAN) and Intermediate Unit transition consultants will provide sustained professional development to identified local educational agencies (LEAs) based on IEP pre-reviews using the Pennsylvania Indicator 13 checklist and/or identified coaching needs.

Target Audience
Staff from LEAs identified through the Bureau of Special Education PDE Bulletin including special education administrators, building principals, transition coordinators, special education teachers, speech language therapists, school counselors, school psychologists, career tech ed staff, and other LEA staff involved in secondary programming.

Learner Outcomes

- Explain the legal basis for transition planning and the elements of effective transition planning.
- Identify components of an aligned IEP
- Describe the requirements for annual, age-appropriate transition assessments
- Identify methods of transition assessment in the development of post school goals and how to utilize the information in the present education levels
- Identify comprehensive and compliant post school goals and describe how to document them in the IEP
- List the essential elements needed to complete the "transition grid"
- State the components of a compliant Measurable Annual Goal and the importance of progress monitoring data

WisdomWhere Preference Setting

A common issue that staff have is that after registering in WisdomWhere for the course, they do not receive the instructions. This is due to their preferences not being set to receive emails/instructions.

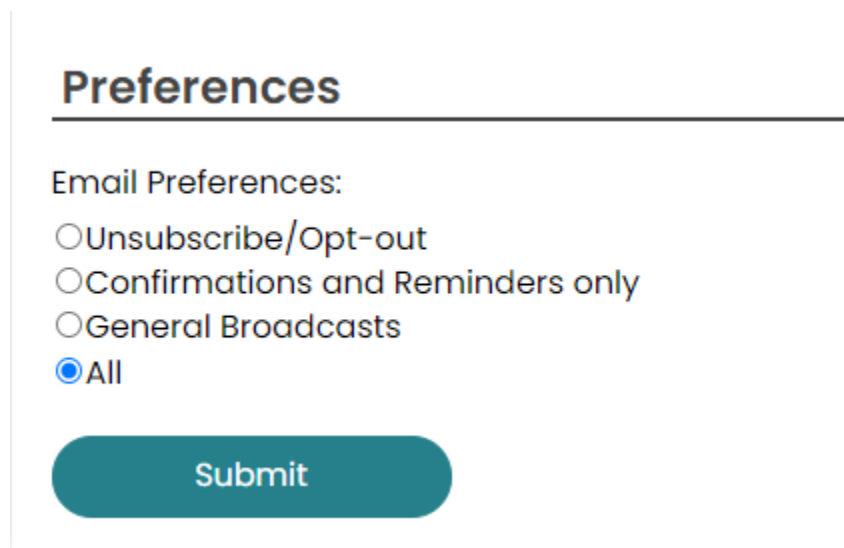

They need to go to the PaTTAN website: www.pattan.net

They need to go to My Account

Click the Manage Account

Click the Personal Settings Tab

If they already have an account, they need to scroll down to the bottom and look for this:

Preferences

Email Preferences:

- ☐ Unsubscribe/Opt-out
- ☐ Confirmations and Reminders only
- ☐ General Broadcasts
- ☒ All

Submit

They need to select ALL to receive the emails after registering for the courses in WisdomWhere on the PaTTAN Training Calendar.

If they need to create an account on the PaTTAN website, they need to follow the instructions for creating an account and make sure that their Preferences are marked for ALL.
