

PASA AC UPDATE #8

JANUARY 5, 2022

Dear PASA DLM Assessment Coordinator (AC):

Happy New Year! Below are updates regarding two trainings and reminders about the opening of the enrollment window and office hours during January.

Thank you,
PA Alternate Assessment Team

DATA MANAGEMENT TRAINING FOR ACS - EXTENDED TO JANUARY 31

Many PASA ACs did not complete the required PASA DLM Data Management training prior to the due date of December 31st. In order to ensure PASA ACs complete this training, the window has been extended to January 31st - one month. **Note: PASA ACs should NOT upload/enroll students in the Kite Educator Portal until PASA Data Management training has been completed. The student enrollment window in Kite Educator Portal opens on January 5, 2022.**

To access the course, PASA ACs must first register using the link below. PASA ACs will then receive a registration email with directions on accessing the course through Schoology.

<https://www.pattan.net/Events/On-line-Courses/Course-3000/Events/Session-36402>

DATE CHANGE FOR TRAINING: SUPPORTING STUDENTS WITH BLINDNESS AND VISUAL

IMPAIRMENTS DURING THE PASA DLM

The training "Supporting Students with Blindness and Visual Impairments during the PASA DLM" will open one week later than planned. It will now open on January 10, 2022. It will be extended one week and be available through March 21, 2022.

STUDENT ENROLLMENT AND ROSTER TEMPLATE UPLOADS BEGIN JANUARY 5TH IN KITE EDUCATOR PORTAL

Kite Educator Portal has been transitioned over to the 2021-22 school year. The system can now accept template uploads for student enrollment data and rosters. Data extracts will now reflect 2021-22 information only. Please be sure to follow the directions provided in the Data Management training to ensure that information is uploaded correctly. Enrollment should only begin after Data Management training has been completed.

PIMS DATA UPDATES

All students eligible for PASA **must** be properly coded in PIMS. Field 212 must be coded as 'A - PASA, no precode label' in order for students to appear in the PASA DLM Enrollment Report from PIMS.

LEAs:

If an LEA has students enrolled in licensed private academic settings or has non-4010 students enrolled at an APS, the LEA must ensure that students are entered and coded into PIMS appropriately. Students in licensed private academic settings and non-4010 students cannot be accessed in PIMS by the service provider. Previous analyses indicated that many students have not been entered into PIMS appropriately by the LEA. It is essential that students be coded correctly to ensure that PASA assessments are provided and students are included in accountability determinations for the LEA. Please be sure to communicate with your PIMS coordinators to ensure that all PASA-eligible students are coded correctly.

Licensed Private Academic Schools/Non-4010 Student Service Providers

Please reach out to the PA Help Desk at alternateassessment@pattankop.net for instructions on how to request the PIMS PASA DLM Enrollment template. Ensuring that all PASA-eligible students are included on the template is an iterative process, involving communication with the PASA AC and the PIMS coordinator. As a result, the Enrollment template may not be available to you immediately upon request.

REMINDER! PA ALTERNATE ASSESSMENT TEAM OFFICE HOURS

The PA PASA team will be providing scheduled office hours for PASA AC during January. This is not a formal training. Rather, office hours are designed for PASA ACs to join at a convenient

time to have questions answered in real time by the PA Alternate Assessment Team. Please see available dates/times and zoom links below:
