

Why Person Driven Planning? Not about us without us!

October 27, 2020

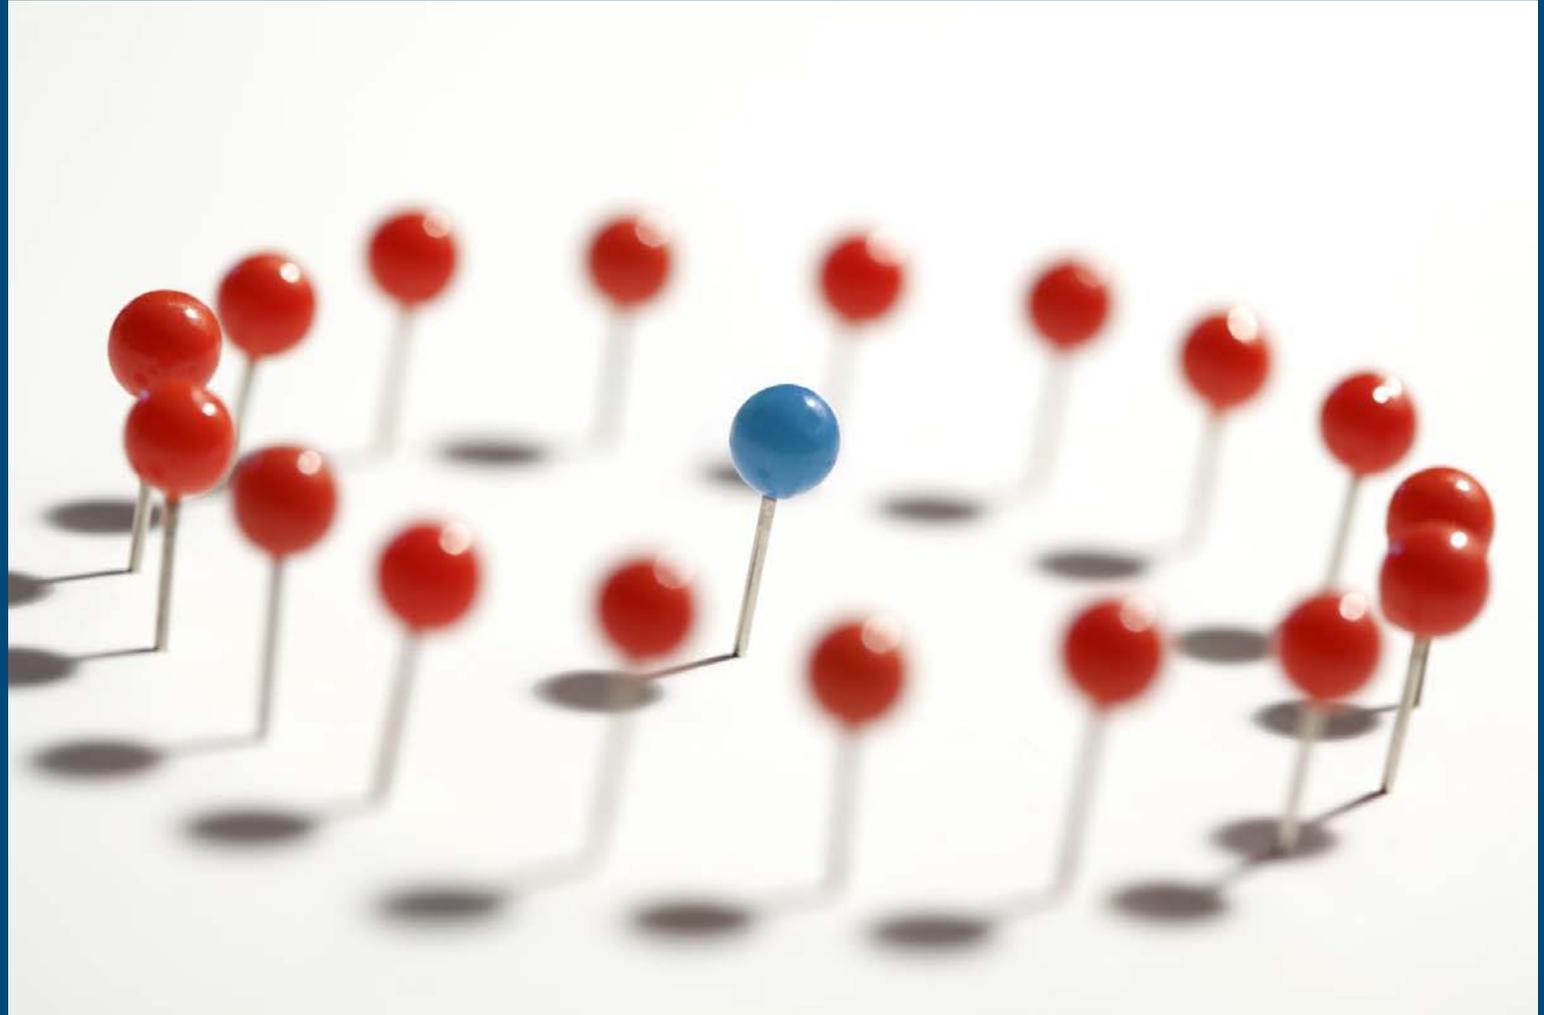

PaTTAN's Mission

The mission of the Pennsylvania Training and Technical Assistance Network (PaTTAN) is to support the efforts and initiatives of the Bureau of Special Education, and to build the capacity of local educational agencies to serve students who receive special education services.

PDE's
Commitment
to Least
Restrictive
Environment
(LRE)

Our goal for each child is to ensure Individualized Education Program (IEP) teams begin with the general education setting with the use of Supplementary Aids and Services before considering a more restrictive environment.

Imagine with
me....

Why consider Person Driven Planning?

Hi! I'm Lilly Sellers

- Person driven planning (PDP) is designed to fix this problem
- Students want to make our own choices about our future, sometimes we just need a little support

Here's what
we will discuss
today....

What is Person Driven Planning?

How is Person Driven Planning different
from other methods of Transition
Planning?

What are we planning in PA?

A plan is
something ALL
people do!

Person Driven
Planning will
support a
person:

To gather
Important
information

Create a vision
for the future

To create a
plan for the
vision

To implement
and revise the
plan

Supporting a person to gather information

By gathering key information to:

- Understand how a person communicates best & what the person likes and does not like
- Understand what the person wants for the future
- Understand what kind of supports work and don't work for the person

Supporting a person to create a vision for the future

By gathering key information about:

- Where the person wants to live?
- Where the person wants to work?
- How the person likes to spend my time?
- What relationships the person wants to have?

Supporting a
person to plan
for this future

By gathering key information about:

- Who will share this vision?
- How can they help achieve the person's desired goals?

That's the Plan!

Supporting a person to implement the plan for the future

By gathering key information about:

- How the plan and key people line up
- Reviewing the plan with the person at agreed upon times
- Setting new goals as desired by the person.

How does
PDP differ
from other
plans?

Other Methods

- Based on a **system**
- Done **for** you
- Focus on **disabilities**
- Person may **attend**
- Limited to **available resources**

Person Driven Planning

- Based on a **person**
- Done **with** you
- Focus on **desires**
- Person has a **voice**
- Limited by **imagination!**
