State College, PA 16803

The sponsors of the conference are the Pennsylvania Department of Education, Bureau of Special Education, and the PA Training and Technical Assistance Network, in collaboration with members of the PA Community on Transition including: PA Youth Leadership Network, Pennsylvania’s Initiative on Assistive Technology (PIAT), Transition State Leadership Team including members from: Higher Education (The George Washington University, The Pennsylvania State University, and Temple University); PA Department of Education (Bureau of Career and Technical Education); PA Department of Health (Bureau of Family Health and Bureau of Community Health Systems); PA Department of Human Services (Office of Developmental Programs, Office of Mental Health & Substance Abuse Services, Office of Children, Youth & Families, and Bureau of Juvenile Justice Services); PA Department of Labor & Industry (Office of Vocational Rehabilitation, Bureau of Workforce Development Partnership, and Pennsylvania State Workforce Investment Board); Parent Advocacy Organizations (PA Education & Advocacy Leadership Center (PEAL), Hispanos Unidos para Ninos Excepcionales (HUNE), The Arc of Philadelphia, and The United Way of Allegheny County)
Description
Each year the PA Community on Transition Conference brings together a diverse community of stakeholders to share information, explore resources, and gain knowledge regarding successful practices in secondary transition. The conference attracts more than 800 participants annually. Attendees include educators, students, family members, youth leaders, therapists, agency personnel, vocational rehabilitation staff, and others interested in secondary transition.

Focus of Conference
The primary focal points of this year’s conference are:
- Promoting success of all youth and young adults by addressing the transition needs of those who are at-risk and struggling
- Empowering families and caregivers with transition knowledge and resources
- Engaging youth and young adults in social interactions and in understanding their potential for post school success
- Building leadership skills of all transition stakeholders to promote successful outcomes of youth and young adults
- Using transition and career assessment, universal design, accommodations, and supports to build the foundation for self-determination and self-advocacy
- Linking transition, behavioral health, and healthy lifestyles to promote success in adult life by empowerment through self-determination and self-advocacy
- Showcasing evidence-based and effective practices with youth outcome data
- Building and supporting community partnerships and local transition coordinating councils

The conference will feature:
- Keynote presentations
- Over 90 breakout sessions
- Sessions and activities designed for youth and young adults
- Family engaging sessions and networking opportunities
- Accommodations and Supports Expo, featuring hands-on assistive technology exhibits, vendor displays, and resource tables

Conference Features

Accommodations, Supports and Resources Expo, Reception & Raffle
This interactive, hands-on expo is designed for participants to learn about specific assistive technology, resources, supports, and services available to youth. Participants will gather valuable information from transition partners, conference presenters, and community agencies. As part of the expo, on Wednesday afternoon, there will be a raffle of items provided by members of our PA Secondary Transition Community of Practice and our vendors. You must be present at the reception to win!

Youth & Family Team Sessions
Throughout the years, youth/young adults, and families have benefitted from the sessions held at the transition conference. Based upon feedback, the planning team has developed a team approach where youth and family members (or a supporting adult) attend sessions together. These sessions include youth development activities, to help youth grow and plan for adult life, with the support of their family (or supporting adult). These sessions, organized by the PA Youth Leadership Network (PYLN), include young adults with and without disabilities as well as other transition stakeholders. For specific “Youth and Family Team Sessions” refer to pages 5-6 in the conference brochure. PYLN specific sessions include: Sessions B-14, D-13, E-14, F-13, and H-12.

# Feature Presenters

**Marsha Langer Ellison, Ph.D.**

Marsha Langer Ellison, PhD is an Associate Professor of Psychiatry at the University of Massachusetts Medical School and Deputy Director for the Learning and Working During the Transition to Adulthood Rehabilitation Research and Training Center (RRTC) at the Transitions to Adulthood Center for Research. She is also the Co-Director of Technical Assistance and Consultation for the Implementation Science and Practice Advances Research Center (iSPARC) where she is responsible for all knowledge translation and dissemination efforts for this center and for the Learning and Working RRTC. Dr. Ellison brings over 30 years of expertise in rehabilitation research for youth and young adults with serious mental health conditions with a special focus on education and employment. She is currently directing a federally funded study on evidenced-based transition practices for secondary students with emotional behavioral disturbance. Recently, Dr. Ellison was a co-Director of a contract with the federal office of the Assistant Secretary of Planning and Evaluation on the state of practice in Supported Education and has developed career services and supported education services for Veterans and transition aged youth.

**Rohan Murphy**

Rohan Murphy is a nationally recognized youth speaker that has spoken in over 40 states. Rohan, who lost his legs at birth, started to wrestle his freshman year of high school. After a successful high school wrestling career he went on to wrestle at Penn State University. In addition to wrestling, Rohan Murphy is also an accomplished powerlifter, competing in international competitions all over the world representing the USA. Rohan Murphy has been featured in publications such as ABC news, Sports Illustrated, and many more. He was even featured in his very own Nike commercial to motivate and inspire people to exercise and live a healthy lifestyle. Now Rohan Murphy is a professional motivational speaker. He lived his whole life motivating people by his actions, he is now motivating the youth of America by his words. Rohan's life story is a gripping tale of adversity, dedication, and living life with a purpose.

**KN2 – “No Legs, No Problem”**
Youth attending the conference will have the opportunity to participate in sessions with their family during the day, including sessions specifically designed to spark conversations between youth and their families. On Wednesday night, youth may participate in a dance! During this activity, youth will be able to interact with youth leaders and their peers in meaningful ways. Scholarships to attend the conference are available!

Youth & Family Team Sessions

These sessions will be led by the PA Youth Leadership Network (PYLN), including young adults with and without disabilities as well as other transition stakeholders. Youth and young adults attending the sessions, with their family’s support, will have the opportunity to develop a portfolio of resources to help them as they continue transition planning activities after the conference.

Ignite the Future! - Focused Planning
Wednesday, July 17, 2019 - (8:30 a.m. - 5:30 p.m.)

Opening Keynote Presentation - 8:30 a.m. - 10:00 a.m.

KN1.  Transition Planning for Students with Emotional Behavioral Disorders: Making it Work
This presentation will describe the unique contexts of secondary students with emotional and mental health needs, either as a primary or secondary disability; how they are the same as and different from students with other disabilities. These contexts will include: special education identification and eligibility, high school outcomes, and post-secondary education, and employment. Opportunities made available for these students through the Workforce Innovation and Opportunity Act (WIOA) and 504 accommodations will be explored. Research on predictors for improved post-secondary outcomes and how this has been translated into best practices for transition planning for these students will be reviewed. Three recently published and tested guides developed for special educators and transition planners for this student population on topics such as: student-led IEPs, involving community partners in transition planning, and development of career and technical education pathways will be discussed. The practices discussed will model best practice methods for students with primary and comorbid mental health concerns.

Marsha Langer Ellison, Ph.D., University of Massachusetts Medical School and Deputy Director, Learning and Working during the Transition to Adulthood Rehabilitation Research and Training Center (RRTC) at the Transitions to Adulthood Center for Research

Break - 10:00 a.m. - 10:15 a.m.

Accommodations, Supports & Resources Expo 10:00 a.m. - 5:30 p.m.
Throughout the day, attend this interactive, hands-on expo designed for participants to learn about specific assistive technology, resources, supports, and services available to youth. Participants can gather valuable information from transition partners, conference presenters, and community agencies. Opportunities will be provided throughout the expo to win a gift basket.
Breakout Session 1 - 10:15 a.m. - 11:45 a.m.

A-01. Safe Technology Use: Where Knowledge Meets Wisdom (Social and Emotional Health)
The Internet moves at the speed of light. So does online misinformation and misuse. The reality is, youth have the knowledge to navigate technology and social media, but lack the wisdom of an adult’s experience to do so safely. Through this presentation, knowledge and wisdom will be brought together so youth are able to navigate online information more safely.

Ryan Klingensmith, Shape the Sky
Janet Toth, Charleroi Area High School

A-02. Why “Evidence-Based” Supported Employment? (Employment)
Evidence based supported employment services are those that have been shown to be effective, to be consistent, and to keep costs at a minimum. Moving to evidenced-based supported employment is something all systems that support students with disabilities should consider for better outcomes.

Randy Loss, PA Office of Mental Health and Substance Abuse Services

A-03. Let’s Speak Up - Self Advocacy (Youth Engagement)
Let's learn from each other and talk about self-advocacy. Real life examples will be shared, along with an invitation to share your own story. Learn about your rights and your responsibilities. Discuss what makes a “good” advocate and how to choose an advocate to support you. Find out about advocacy groups that will take your own self advocacy to the next level.

Renee Benise, Self-Advocates United as 1
John Knorr, Self-Advocates United as 1
Angie Lavanish, Self-Advocates United as 1

Assistive technology products are essential in making life accessible for millions of individuals. Laws and products available to help make transition planning easier will be discussed. Products including: iPad, Android Tablet, PEC Board, ScanMarker Pen, Electronic Stethoscope, Half-Keyboard, along with many others will be demonstrated.

Drue Flora, Office of Vocational Rehabilitation
Gail Steck, Office of Vocational Rehabilitation

A-05. Pennsylvania’s Inclusive Post-Secondary Education Programs-Inspiring Success! (Post-Secondary Education)
College is increasingly a reality for students with intellectual disabilities. Postsecondary education programs are GROWING in Pennsylvania. Participants will learn about Pennsylvania’s nine inclusive programs including: Arcadia University, Drexel University, Duquesne University, Mercyhurst University North East, Penn State-Harrisburg, Penn State - University Park, Slippery Rock University, Temple University, and West Chester University.

Linda Rhen, Penn State – Harrisburg
Nancy Shirley, DREAM Partnership

A-06. Using the LifeCourse Integrated Supports Star to Identify & Develop Supports in Your Everyday Life (Family Engagement)
Everyone accesses an array of integrated supports to achieve a good life. This session includes hands on activities to show how the LifeCourse Framework and tools were designed to address needs in every area of life. Real life examples will show participants how they can develop and identify supports.

Francine Hogan, Vision for Equality/Pa Family Network
Lisa Tesler, Vision for Equality/Pa Family Network

A-07. Reaping the Benefits of University-Based Career Services (Post-Secondary Education)
The Employment Services Program (ESP) at Millersville University aims to change broad university systems as a means of student career success. This interactive session details how it started, how it is going, and what is predicted. Diverse community members will be ready to hear suggestions for the future.

Jan Bechtel, Millersville University / Integrated Studies
Ann Marie Licata, PA Inclusive Higher Education Consortium
Thomas Neuville, Millersville University
Katie Sternbergh, VISTA AmeriCorps

A-08. ODP 101: Waivers and Beyond / Pairing Services and Supports with Your Vision for an Everyday Life (Family Engagement)
The mission of the Office of Developmental Programs (ODP) is to assist individuals in living an everyday life, one of meaning and joy. This session details ODP’s waiver programs and additional supports offered. The many ways ODP can assist students and their families achieve their vision of living an everyday life will be explored.

Amy Millar, Office of Developmental Programs (ODP)
Katie Marie Wilson, Office of Developmental Programs (ODP)
A-09. Citizens for an Inclusive Workforce – Interagency Collaboration to Improve Employment Outcomes (Employment)
Citizens for an Inclusive Workforce bring students from the classroom to the community as they explore careers, make meaningful community connections, participate in paid internships, and transition seamlessly from school to work. This collaborative effort brings together key stakeholders to demonstrate a replicable model for a unique collaborative transition planning project.

Shelby Breneagar, Community Integrated Services
Dianne Malley, AJ Drexel Autism Institute - Drexel University
Susan Schonfeld, Community Integrated Services
Meghan Stephens, Community Integrated Services
Carrie Stoltzfus, Mastery Charter Schools

A-10. Using Discovery and Customized Employment as a Pathway to Community Integrated Employment (Employment)
This session will provide an overview of supported and customized employment - definitions, differences, and how they are used to support individuals secure and maintain community integrated employment. An overview of the supported and customized employment services that may be available through OVR will also be presented. Attendees will gain a better understanding of these services and how they can support an individual’s employment goals.

Anthony Chan, The Arc of Pennsylvania
Beth Ann Fanning, Office of Vocational Rehabilitation
Adam Metzner, The Arc of Pennsylvania
Julie Rasmusson, The Arc of Pennsylvania
Nicole Turman, The Arc of Pennsylvania

In this session, Pittsburgh’s Early Reach Coordinators will discuss topics of Self-Advocacy, personal finance, and emotional well-being. The audience will experience fun activities related to these topics.

Andria McCourt, Office of Vocational Rehabilitation
Lindsay Coulehan, Office of Vocational Rehabilitation

A-12. The Power of Youth Led IEPs (Youth Engagement)
When a youth leads his/her own IEP, it changes the conversation! Participants will discuss the importance of sharing dreams and goals, and what works or doesn’t work using video, PowerPoint, flash cards, and other tools. Participants will gain an understanding of the benefits of youth leading their own IEPs and how families can support this.

Kelly King, PEAL Center
Katie Smith, PEAL Center

During this informative session, learn how the Transition Discoveries Metric and Infographic Guide can lead teams to have youth and family voices up front and center to improve transition practices. Participants will complete the survey during the session to explore the many benefits of sharing your voice, your story, and plans for your future.

Matthew Flanagan, George Washington University
Joan Kester, George Washington University
Julie Stella, George Washington University

A-14. Cool Tools: 3D, Virtual Reality, and You
Explore the world of multisensory learning tools - 3D modeling and printing, and virtual and augmented reality (VR and AR) apps and experiences. See demonstrations and then try things out!

Scott Dougherty, Intermediate Unit 3
Jen Edgar, PaTTAN East
Greg Lazur, PaTTAN Pittsburgh
Doug Williams, PaTTAN Harrisburg
Bill Ziegler, Intermediate Unit 22

Breakout Session 2 - 12:45 p.m. – 1:45 p.m.

B-01. Pennsylvania Youth Initiative: Innovation in Action! (Employment)
Pennsylvania Youth Initiative (PYI) has developed and implemented some of the most innovative Pre-Employment Transition Services (PETS) programming in the region. The success of this programming is resulting in rapid growth for this agency. This session will provide models for success in implementing PETS programs.

Abby Childers, Pennsylvania Youth Initiative
Pancho Timmons, Pennsylvania Youth Initiative

B-02. Autism Spectrum Disorder and Police Interactions (Social and Emotional Health)
The ASERT Collaborative, along with State College Police Officer Drew Sim, will conduct a training to enable individuals with autism to learn how to safely interact with police officers. A brief powerpoint presentation will explain the law, the role of a police officer, do’s and don’ts for safely interacting with police, as well as language a police officer may use. Various scenarios such as a traffic stop, a pat down search, and what to do if stopped and questioned by the police will be exhibited.

Kate Hooven, ASERT Collaborative, Eastern Region
Drew Sim, State College Police Department
B-03.  **5 W’s of the Employment Discovery Process**  
( **Employment**)
Attendees will have the opportunity to ignite the discovery process related to considering employment using a “5Ws” graphic organizer. We will contrast a traditional approach to employment discussions against the discovery process and learn how to integrate this tool into those discussions.

_Sara Kitchen, KaleidAScope, Inc._
_Janice Lane, KaleidAScope, Inc._

B-04.  **YOLO (Youth Onsite Learning Opportunities)**  
( **Employment**)
Youth Onsite Learning Opportunities (YOLO) is a partnership between Community College of Allegheny County, YMCA Camp Kon-O-Kwee, and OVR. This summer academy provided students work-based learning experiences. Students were taught hard and soft skills in food service, environmental services, health care, and building and maintenance from CCAC and YMCA staff.

_Charlie Deer, YMCA Camp Kon-O-Kwee_  
_Spencer Dr. Mary Jo Guercio, Community College of Allegheny College_  
_Gail Steck, Office of Vocational Rehabilitation_

B-05.  ** Updating Transition Planning: Assessment Leads to Purposeful Instruction**  
( **Transition Planning**)
The purpose of this presentation is to describe the process of an effective transition planning model, including assessment and instruction, which support students with disabilities. Discussion will include a review of the assessment protocol, adaptation of informal assessments, and modeling of instructional practices that lead to positive student outcomes.

_Jackie Bartneck, Colonial Intermediate Unit 20_  
_Josef Franzo, Colonial Intermediate Unit 20_  
_Amanda Lynn, Colonial Intermediate Unit 20_

B-06.  **Local Transition Councils – Relationships and Strategies for Collaborative Transition Planning**  
( **Transition Planning**)
Can we better empower youth and families to plan and take action for the future? Can we bridge some of the information and service gaps between systems? Learn practical strategies that your local transition coordinating council can use for cross-systems planning, communication, and resource sharing in support of transitioning youth.

G-01. Introducing the Talent Academy (Employment)
In August 2018, syncreon launched a specialized training program called the Talent Academy. The six week program provides a curriculum of soft and practical skills, with an end goal of securing full time or part time employment opportunities for those who successfully complete the program.

April Ehrhart, syncreon
Kelly Reed, syncreon

G-02. My Included Life (Youth Engagement)
In 2005, Upper Dublin School District began including students with Autism into their general education classes. Nic was there from the beginning. Not all his experiences were positive, and at times he found it hard to be taken seriously. He will share his experience to show why inclusion of students of all abilities in general education is important for all stakeholders, and how inclusion helped him defy the odds, find employment, and find success in college.

Nicolas Cuconati, Ambler Area YMCA
Elizabeth Lipp, Parent Advocate

G-03. How to Integrate Data Collection into the Vocational Assessment Process (Transition Planning)
Vocational assessments are the starting point for successful job finding experiences. This session will provide tips and tools to incorporate direct measures and data collection into the assessment process. Participants will have the opportunity to learn procedures for identifying and defining “critical” behaviors and developing simple data collection systems.

Sara Kitchen, KaleidAScope, Inc.
Janice Lane, KaleidAScope, Inc.

Hiram G. Andrews Center staff will present strategies related to the autism spectrum compiled through work with young adults. The presentation will emphasize approaches found that are most beneficial in igniting young adults' personal growth to illuminate their future.

Kelly Dumm, Hiram G. Andrews Center
Jill Moriconi, Hiram G. Andrews Center
There is an increase in enrollment of individuals with autism attending institutes of higher education to pursue degrees. This session will discuss two higher-ed support programs as well as a college prep summer program. Outcomes and identification of skills to assist students transitioning with be discussed.

Cherie Fishbaugh, West Chester University
Linda Lantaff, Kutztown University

G-06. Real Life Stories of Change (Post-Secondary Education)
Join us as we take a look at real stories of change happening for students at an institution of higher education. Hear how these experiences have not only increased their academic skill sets and vocational training, but also their self-confidence, self-advocacy, and independent living skills.

Everett Diebler, Lehigh Carbon Community College
Michelle Mitchell, Lehigh Carbon Community College

G-07. Individuals with Disabilities Can Become More Financially Self Sufficient with PA ABLE and WIPA (Employment)
The Work Incentives Planning and Assistance (WIPA) program and the PA ABLE savings program can provide information, resources, and ways to work and save while promoting financial independence.

Diana Fishlock, PA Treasury
Phyllis Hilley, Disability Rights Pennsylvania
Jenni Kistler, Goodwill Keystone Area
Joy Smith, AHEDD

G-08. Transition Planning...A Path to Becoming Independent as an Adult (Family Engagement)
This session will provide guidance on strengthening the IEP to better align plans for life after high school. How to build skills for transitioning to life after high school, effectively using the Independent Living Section of the IEP, and connecting to resources for support will be addressed. Information comes from the perspective of a parent advocate with training as a special education auditing team participant and a school board member with the experience of serving in an advocacy capacity through the eyes of a Center for Independent Living. Participants will be given tools they can tap into to make connections to bring from school to adulthood and how supports and services might change.

Melissa Allen, Disability Options Network
Regis Charlton, Disability Options Network

G-09. Project SEARCH- Celebrating 10 Years of Engagement at Penn Medicine/Lancaster General Health (Employment)
The session will highlight intentional strategies that have been key in sparking engagement in the Project SEARCH Program at Penn Medicine/Lancaster General Health. Developing engagement of the host site have been our priority with the hospital as a whole, individual departments, and site staff which produces a more cohesive and quality intern experience.

G-12. A Comprehensive Effort to Improve Graduation Rates for Students with Disabilities in PA (Transition Planning)
Pennsylvania is committed to getting EVERY student college and career ready but what is really happening to support students with disabilities? This interactive session will engage participants in understanding efforts to increase compliance and outcomes related to secondary transition. Practices for increasing graduation rates for both middle and high school students will be examined.

Jacki Lyster, PaTTAN East
Hillary Mangis, PaTTAN Pittsburgh
G-13. **Demonstrating the Need for Teaching Self-care and Healthy Relationships to Prevent Victimization**  
*Social and Emotional Health*

Young adults with disabilities need instruction, repetition, and remediation in such areas as hygiene, self-care, sexuality, and relationships. They face challenges with social media, crime, and partnerships. We must facilitate skill acquisition and address topics in a developmentally appropriate and proactive manner to ensure successful transition and encourage prevention of crime and victimization.

*Sharon Greene, ACHIEVA*

*Catherine Hughes, Achieving True Self*

H-01. **A Review of the Need for Community Collaboration, the Practicality and Cost**  
*Transition Planning*

Based upon a needs assessment completed in Northwest Ohio that highlighted poor employment and post-secondary opportunities for students with disabilities, nonprofit advocacy groups in Northwest Ohio formed Venture Bound to assist schools in creating unique and individualized transition programs for their students.

*Kelly Elton, Great Lakes Collaborative for Autism*

*Dr. Beth Ann Hatkevich, OTRL*

*Brittany Joseph, Bowling Green State University*

H-02. **Paving a Path to Success: Self-Advocacy in Post-Secondary Life**  
*Youth Engagement*

Transitioning from high school to post-secondary life is perhaps the most intimidating challenge any young adult has to face. Regardless of post-graduation plans, knowing how to self-advocate is a crucial skill for success. Together students, families, and professionals can start a conversation about self-advocacy and learn how to know ourselves.

*Debbie Grebeck, Canon-McMillan School District*

*Timothy Grebeck, Talking4Autism*

---

H-03. **I Want to Work; Benefits Counseling for Individuals with Disabilities**  
*Employment*

The biggest barrier to competitive employment for individuals with disabilities becomes the question of how will this income affect my government benefits? Attendees will gain an overview of government benefits and how working could be a positive way to enhance the individual’s quality of life and earning ability.

*Micelle Sipple, ACHIEVA Family Trust*

*Patty Yerina, ACHIEVA Family Trust*

H-08. Students Transitioning to Achieve Realistic Success
(Transition Planning)
Youth and young adults transitioning from the school environment to adulthood will greatly impact the future of the Independent Living movement. Centers for Independent Living’s new core service, transition, should be focusing on youth transition programs to prepare these individuals for the future. This session will focus on the unique approach Abilities in Motion takes in its Students Transitioning to Achieve Realistic Success (STARS) six week summer program.

Corrine Dietrich, Abilities in Motion
Jaclyn Nagle, Abilities in Motion

H-09. Using a Relationship-Based Approach: How it Really Works
(Social and Emotional Health)
The expression, “It takes a village to raise a child,” is never more true than when talking about a child with a disability. Young people with disabilities need a support system that recognizes their individual strengths, interests, fears, and dreams and allows them to take charge of their future. Parents, teachers, family members, and friends in the community who offer informal guidance, support, and love can create the “village” for every child. This is even more important for transition planning. This session will focus on the value in using a relationship-based approach with all aspects of working with staff and families. Presenters will discuss how it is developed with clients, family, and other team members. They will also discuss how this can look different throughout the lifespan.

Michelle Heim, Youth Advocate Programs and Adult Services
Jennifer Hill, Youth Advocate Programs and Adult Services
Jennifer Williams, Youth Advocate Programs and Adult Services

H-10. Healthy Relationships and Safe Sexual Expression
(Social and Emotional Health)
Individuals with disabilities have the same sexual desires and needs as those without disabilities, yet sexual health and expression are often ignored. Join us to learn how SPIN, A Life of Possibilities developed a program that addresses the need for sexual education and encourages healthy relationships for people of all abilities!

Chelsea Lutts, SPIN, A life of Possibilities
Laura Parisi, SPIN, A life of Possibilities

H-11. Technology Assisted Children’s Home Program: Helping Families Navigate the Unknown and Unexpected
(Family Engagement)
The Technology Assisted Children’s Home Program is a free program offering unique, home-based and telehealth care coordination and system navigation to families with children who are 0-22 and technology assisted. Learn about the specific needs that drove such a program to existence, the research that supports it, and how to refer families who will benefit!
