

What is the Families to the MAX Pennsylvania Statewide Family Network?

Families to the MAX is a group of Pennsylvania parents whose children receive special education services. Network members partner with educators to raise expectations, presume competence, and increase opportunities for students to have success in their educational experience and maximize their outcomes. They build awareness and empower families through networking, attending training events, and participating in webinars.

Mission

LEADING CHANGE
for children with diverse needs
by **maximizing opportunities**
in the home, classroom,
and community.

Vision

EMPOWERING
students, families, and
communities to believe
that all children can
reach their **maximum**
potential.

Ultimately, working together, parents and professionals will positively influence opportunities, experiences and outcomes and envision a future where all students are prepared for meaningful post-school outcomes.

Why Join?

Are you interested in meeting and networking with other parents across the state who share the same vision?

Would you like to learn how to lead educational change for your child, as well as other students throughout Pennsylvania?
