The Pennsylvania Virtual Fellowship Program for Special Education Leaders strives to develop the knowledge and skills of veteran and novice special education administrators. Fellows will be engaged in customized networking opportunities to build capacity and promote effective programming to ensure success for all students with disabilities.

Special education leaders have many different titles within Pennsylvania local educational agencies. This may include the following: special education director, special education supervisor, special education coordinator, and director of pupil services. A special education leader is defined as someone who has primary responsibility for the oversight of special education supports, programs and services within a local education agency.

Fellows must commit to participating in/attending the entire professional development series as well as the PDE Conference (March 2-4, 2022) and Special Education Leadership Academy (July 2022).

COST: Because this year's format is hybrid, there will be a nominal fee.

The PFP Application is available on the PaTTAN website: www.pattan.net. The application deadline has been extended through August 31, 2021.
