PaTTAN's Mission

The mission of the Pennsylvania Training and Technical Assistance Network (PaTTAN) is to support the efforts and initiatives of the Bureau of Special Education, and to build the capacity of local educational agencies to serve students who receive special education services.

PDE's
Commitment
to Least
Restrictive
Environment
(LRE)

Our goal for each child is to ensure Individualized Education Program (IEP) teams begin with the general education setting with the use of Supplementary Aids and Services before considering a more restrictive environment.

Family Engagement

Family Engagement promotes equitable partnerships among schools, families and communities to actively advance student achievement through shared commitment, decision-making and responsibility.

Contacting Hard-to-find Youth

A Pennsylvania Resource

Strategies to Contact Youth for the PaPOS Process: Lessons from Pennsylvania Schools

Provide Pre-Notification (while students were still in high school)

- ☐ Discussed the PaPOS process with students and/or parents; explained the purpose, provided the questions, and defined the timeline for conducting the survey.
- ☐ Informed the students and/or parents of how the PaPOS process was going to be managed (e.g., when it would occur, why youth were selected).
- ☐ Presented students with the number of former students who enrolled in college or other post-secondary education or training opportunities.
- ☐ Provided PaPOS information at the student's final IEP meeting.
- ☐ Outreached with students prior to contacting them for the PaPOS post-school survey.
- ☐ Included PaPOS information with other important information sent home to parents (e.g., information about class rings, senior portraits and graduation information).
- ☐ Established any sort of social media campaign (e.g., Facebook, Twitter, etc.) to maintain contact with students for the PaPOS post-school survey.

Create Familiarity

- ☐ Explained to students and/or parents that they are helping other students like themselves by answering the questions on the PaPOS.
- ☐ Shared PaPOS survey with students and/or parents so they knew what questions would be asked and that the information being asked is legitimate, not a scam for personal information.
- ☐ Practiced completing the PaPOS interview with the student and/or parents.
- ☐ Showed students and/or parents specific examples of how PaPOS information can be used to make school better.
- ☐ Identified the person who had a relationship with the hardest-to-find youth and asked that person to inform the youth of the PaPOS process and/or conduct the survey.

LESSONS LEARNED

- "I had positive relationships with parents and students by supporting their special education programs in the PaPOS for 12 years as an administrator. I attended IEP meetings, met with students who had discipline issues, and was an advocate to students/staff/parents supporting special education programs. I developed extra-curricular activities such as buddy baseball and buddy football so I was able to relate to families outside the school setting."
- "Discussed the importance of being able to reach them as a continued resource for them in assisting PaPOS, accessing services. Discussed the need for both the student's and the parent's cell numbers for the future and this was the easiest way to reach the students."
- "Met with the student's special education teacher to discuss a good time to meet with students and to gain more information about students that I may not have known."

LESSONS LEARNED

- "I received the surveys and took sincere interest in completing the survey. I wanted to know personally what students accomplished after HS. It gave me a reason to congratulate my HS staff on a job well done. We were proud of the results of the surveys and I provided this information at a staff meeting. Cheers to our staff!"
- "Reviewed the actual survey with the students and parents in a meeting prior to completing the survey."
- "During senior staffing, we discussed the PaPOS surveys and informed students that I would be notifying them after graduation/leaving to complete the survey."
- "One of our 12th grade support teachers put the PaPOS survey questions on a word document that could be emailed to some students and it seemed to make it easier for them to send it back. Even if they did not email it back, they had the questions if we reached them by phone so it was easier to conduct the interview. For most of our students, our first attempt at reaching them was from school personnel who knew them well. Some of our hard to find students who had worked with a support counselor were willing to speak to her when they heard she was trying to contact them from a former classmate, a friend who was still in school or email. We also did make some late afternoon/early evening calls for those we did not reach during the day."

Administrative Considerations:
Timelines and Procedures

Post School Survey Collection Window

No earlier than one year after the Cohort 1 student left school through no later than September 23, 2022

This shift better ensures that youth being surveyed have experienced one full year's benefit of time and experiences prior to responding to the PA Post-School Outcomes Survey

What does this look like?

Graduated: June 4, 2021

**Contact window is
June 6, 2022 – September 23, 2022**

Administrative Considerations

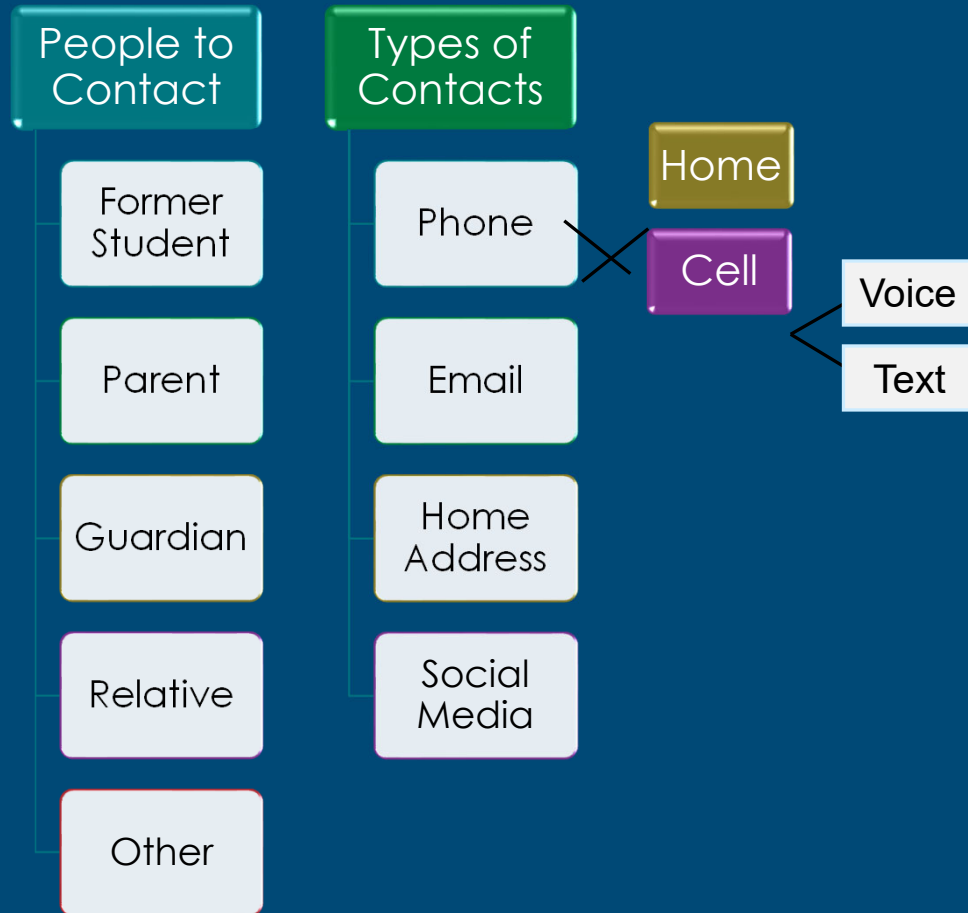

The Post-School Survey should be administered in an interview fashion by an individual familiar with the student being interviewed.

If a student's disability limits his/her ability to respond accurately to the survey questions, another individual can assist the student in answering the student survey questions.

Example of 3 Specific Contacts

Date	Person Contacted	Means of Communication
July 1, 2022	Billy Jones (student)	Former Student's Cell Phone
July 15, 2022	Billy Jones (student)	Social Media
Sept 1, 2022	Megan Jones (mother)	Home Phone Number

Recommendations for Collection of 3 Contacts

A Review of NTACTION-C Strategies

Making Contact

Contact family members near significant dates when youth may be in touch with family

Maintain a list of family members still in school (siblings, cousins, etc.)

Vary who calls and leaves a message

Leave a message with a callback number

Use the school logo and name in any survey related materials

PaPOS Post Survey Submission Target Dates

DATE	PROCEDURE
No earlier than one year after the student left school	LEAs may begin administering the post-school survey
May 13, 2022	Leader Services online system opens
August 9, 2022	Data entry status information sent to Cohort 5 LEAs <i>(Recommendation: at least 50% completed and submitted)</i>
September 23, 2022	All post-school surveys completed and submitted via Leader Services. Leader Services online system closes (COB)

Additional Strategies/ Recommendations

- ✓ Develop a plan in the spring
 - ✓ Who will contact the youth?
 - ✓ Utilize 11/12 month employees
 - ✓ Administrators, Guidance Counselors, Clerical staff, etc.
 - ✓ When will they contact the youth?
 - ✓ Be aware of the submission target dates
 - ✓ Develop a timeline of contacting youth and submitting the surveys to a central person based on the target dates
 - ✓ How will they contact the youth?
- ✓ Make sure your staff are aware of the various ways to contact youth
- ✓ Monitor the progress throughout the summer

Questions on the Post-School Survey

Logic is built into the survey that will let you know which questions you will need to answer based on how previous questions were answered

Postsecondary Education and Training Question 1

		Check only ONE option	
1.	Since leaving high school have you enrolled in any type of education or training program?	No	<input type="radio"/>
		Yes, currently enrolled	<input type="radio"/>
		Yes, but <u>not</u> currently enrolled	<input type="radio"/>

There is logic associated with this question. Your response will determine which additional questions related to post secondary education and training you will need to answer.

Postsecondary Education and Training Question

	2.	Locate each type of education or training program you have been enrolled in at any time since leaving high school. <ul style="list-style-type: none"> • Select if you are/were enrolled full- or part-time. • Indicate if you are currently enrolled. • Indicate whether or not you completed at least one full term.
