Item No.	Indicator Data Results Description of Effectiveness	Points Earned	Points Possible
GS-1	Did the infant toddler or preschool EI program correct ALL areas of non-compliance identified on the Improvement Plan according to the specified timelines?		20
	All areas of non compliance were corrected within 365 days of issuance of the report, score is 20. If all activities were all completed but improvement goals were not met, score is 10.		
	Comments on effectiveness of activities conducted in correcting previous problems:		
GS-2	Does the infant toddler or preschool EI program implement the process for monitoring themselves and their early intervention providers according to programmatic and fiscal requirements?		15
	See Self-Verification Worksheets 1A & 1B A. # of contracted providers (include EI program if appropriate) _____ B. # of contracted providers that were monitored _____ C. # of improvement plans needed _____ D. # of improvement plans created _____ E. # of improvement plans about which program knows status of improvement activities _____ Scoring: $B / A =$ percentage of providers that were monitored. If $C \neq D$, all needed improvement plans were not created. If $D \neq E$, program does not know status of all improvement plans.		
	Comments on effectiveness of the process used to support contracted provider improvement:
